

CENTRAL MASSACHUSETTS MOSQUITO CONTROL PROJECT

MINUTES OF THE COMMISSIONERS MEETING

DATE: April 13, 1989  
TIME: 12:00 Noon  
PLACE: Davco Farm

Page 1 of 2

Present: Malcolm Henry, Ray Davis, Frank Perrin, David Scott,  
Richard Day

1. The minutes of the preceeding meeting of March 9, 1989 were unanimously approved.

2. The following payrolls were unanimously approved:

3/11/89	\$7556.90	3/18/89	\$7430.65
3/25/89	7452.90	4/1/89	7485.15
4/8/89	7478.40		

3. Invoices amounting to \$2554.50 and \$1376.56 were unanimously approved.

4. Woodland pools and swamps are breeding mosquitoes and there seems to be plenty of water for breeding. Doing larviciding; have found 1st and 2nd instar and a few 3rd instar; BTI doing an excellent job. Water management jobs progressing okay; finished a job in Leominster. Had a difference of opinion with Conservation Commission but job was completed. Members of Conservation Commissions sometimes are not fully acquainted with the legal procedures followed by mosquito control personnel.

5. Town of Harvard voted to get out of our project.

6. Carlisle is voting on getting into our project at Town Meeting on May 1st.

7. Wilmington is voting on getting into our project at Town Meeting on April 22nd.

8. Acton, which voted out of our program several years ago, cut money for larviciding and left money for adulticiding - "a reverse attack". Any money should be spent on larviciding.

9. Mr. Charles Costa has been placed on Reclamation Board representing the Dept. of Food & Agriculture.

10. David Scott and his group did an excellent job hosting the AMCA for the 1989; despite the poor weather everything went well. Next AMCA meeting to be held in Louisville, Kentucky.

11. Meeting adjourned at 2:05 P.M.

12. Next meeting May 11, 1989.

APPROVED: \_\_\_\_\_
