1. The minutes of the June 13, 2002 CMMCP Commissioner's minutes were unanimously approved.
2. The following payrolls were approved unanimously:

June 16, 2002	\$12,462.20	June 22, 2002	\$12,267.20

3. Submitted invoices for July 11, 2002 totaling \$20,383.63 were unanimously approved.
4. **Work Schedule:** The excavator has finished a restoration project in Sherborn. All crews are on the night shift and area answering service requests in member towns. The spray crews have done a good job answering these requests and working through any backlog. To date we have received ~1700 requests, and have less than 200 in arrears. The initial round of catch basin treatments (~20,000) is complete; additional material has been ordered and will be in stock when/if WNV makes an appearance in our service area. We have 2 summer interns assisting the Staff Entomologist in setting gravid traps in a swing through the district; all towns will receive this surveillance on a rotational basis, and additional, intensive trapping will be performed once WNV has been detected.
5. **Old Business:** The town of Sturbridge, new to the CMMCP service area has begun to receive service this week. No problems to note as of this date. We have received about ½ dozen requests, and a few no spray exclusions. The Town Clerk has been in touch a few times also.
6. **New Business:** On behalf of all Project employees, the Commission was thanked for the recent pay increases.

Ken asked the Commission to consider offering to other MCP's the injection larviciding systems to see if there was any desire to take one off our hands. The Commission gave their approval for this request.

The meeting adjourned at 11:40 AM.
